Class '04. Astoria High School
Graduated Last Evening at
the Opera House.

CLASS CONSISTS OF ELEVEN

Senator Fulton Addressed the
Graduates and Dished Out
a Deal of Good Advice.

Before a house crowded with relatives and friends, and upon a stage artistically decorated with colors and flowers, the class of 1904 of the Astoria high school last night went through their graduation exercises, received their diplomas and the congratulations of all present, and launched themselves upon the great world of men and women, to fight life's battles. Some will go to other schools, others have acquired all the education it will be their lot to acquire; some will adopt one of the many professions, some will go into business, but all are expected to show before the passing of many years that the training they received in the high school of this city was worth while.

Eleven in the Class.

At an early hour last evening the crowd began to gather. Almost every seat in the house was reserved, and before the exercises began, at 8:30 o'clock, the house was packed. When the graduates, their instructors and the guests of honor marched onto the stage there was applause which continued for several minutes. The musical features of the program were splendidly rendered. As the exercises began the ushers staggered forward with armfuls of flowers, which were put to one side and presented to the graduates after the program.

The Address.

Otto Erickson was the salutatorian, and his address showed him to be a young man who had made the most of his opportunities. It was clear and logical, and at its close the young man received well-merited applause. Space does not permit of an outline of the oration, which was a scholarly effort and well polished.

Miss Frances Norberg won the honors of the class, and her valedictory spoke of the diligence with which she has pursued her studies during the four-year course. Miss Norberg is a great favorite with her classmates and her instructors, and last night she won a little corner in the heart of the gen-

eral public. Her valedictory was delivered with the utmost grace and good expression. Her effort was one of extraordinary merit, and she well deserved the applause with which she was greeted at the end. The other members of the class gave evidence of sincere preparation for this great event in their youth, and, taken as a whole, this year's graduating class is one of which Astoria and the high school and the public who makes the school possible may well feel proud.

Senator Fulton's Address.

Senator Fulton's address to the graduates was filled with a sense of good humor and cheerfulness and was brimming over with good advice, which, if followed, may be the means of putting some of that class in a senator's chair at the capital, or at the head of the household in some senator's home. Senator Fulton spoke for some fifteen minutes, and his words had a lasting effect upon his hearers. He came right to the point, told the graduates how to fight the battles of life and expressed the thought that it was only by sticking to a thing that a man could win.

Superintendent Clark presented the diplomas to the class, and also presented to Miss Norberg, the valedictorian, a scholarship from the Whitman college at Walla Walla. The scholarship was given the Astoria high school by the trustees of the college to be presented to the member of the graduating class who excelled in general scholarship. The scholarship is valued at one year's tuition in the institution.

The Alumni Banquet.

Tonight at the Occident hotel occurs the alumni banquet. The rooms and tables will be appropriately decorated and everything looks promising for a successful feast. A program will be rendered, and prior to this the graduates will be taken into the fold with the usual exercises.

Dumped Men Into Kansas.

Syracuse, Kans., June 10.—Sheriff Brady of this county tonight received a telegram from Sheriff Barr, La Junta, Colo., stating that a special train carrying 140 deported miners from Colorado would reach Coolidge tonight and unload the miners in Kansas. Citizens of this county are indignant at this proceeding. An appeal has been made to Governor Bailey to prevent Colorado from dumping her alleged undesirable citizens on to Kansas.

Forty Dollars Each.

Four vagrants were yesterday run out of the city by Police Judge Anderson. G. Anderson and Charles Peterson, regular attendants at the boozefest, and having no visible means of support, were spotted for deportation. They pleaded guilty, and John Williams did likewise. Ed Dyer pleaded not guilty. He had been in the city for two weeks, "boosted" around a stud game, and said he was willing to leave if ordered to do so. Judge Anderson fined the men \$40 each, agreeing to suspend sentence upon condition they leave the city. All will go.

HOW BALLOTS WERE MARKED

Official Count of Votes Cast At
Late Election Made Public by
County Clerk.

RESULTS IN THE PRECINCTS

Total Vote of Clatsop Was 2542,
or 108 Less Than Registration
—Linville's Lead Over Mor-
ton 122.

The official count of the votes cast at the late election was made public yesterday at the office of the county clerk. While the official statement shows no material changes, it will be of interest hereafter for reference.

The statement of the total vote was also announced. Those who manifested interest in the election naturally supposed that a full vote would at least be polled for the candidates for sheriff, but 87 voters failed to express their choice for this office. The greatest vote was recorded for the candidates for this office, while the next largest vote was recorded for the candidates for county treasurer, who received a total of 2389. The three highest candidates of the various parties for representative received a total of 2303 votes, while 2381 votes were polled for the candidates for congress. For supreme court justice 2292 votes were cast, and for county commissioner 2273 votes were cast. The statement of the vote for supreme justice does not include one vote cast for Hon. John H. Smith by some admirer at Clatsop.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

among them hundreds of negroes, attracted by the case, thronged the building and stood crowded in the street outside. When Platt, feeble and trembling and apparently dazed, was helped out of the building the crowd hooted and hissed.

Good Bowling.

If the Portland Commercial bowling team tonight is compelled to bowl against a score like that put up by the locals last night, there is little likelihood of the visitors taking back the Feldenheimer trophy. The team lined up last night for the first time since the Portland Commercial club challenged, and the score bowled was the best ever piled up by the team. The total was 1092, or an average of 45.50. The scores of the individual players were as follows: Laws, 205; Hardesty, 199; Pye, 194; Sovey, 169; Graham, 165; Mathena, 160. The scores by games were 268, 265, 290 and 269. Some of the men had rather hard luck last night, but all through the games were well bowled. The utmost confidence is expressed that the trophy will be successfully defended. The club has extended an invitation to members of the Irving Club and their ladies to witness the contest. The visiting team will arrive on the noon train.

Postmaster Appointed.

Portland, June 10.—It was announced from Washington today that the president has appointed J. W. Minto, for several years the deputy internal revenue collector and formerly chief of police of Portland, postmaster of this city to succeed F. A. Bancroft, whose resignation was tendered yesterday.

EYE STRAIN

IS the most common cause of those nervous headaches that your doctor does not reach. Dizziness, darting pains in the eye-balls or temples, smarting or burning sensation, the eyes become red and lids inflamed, quivering of lids and jerking of muscles in and around the eyes.

Do you ever have dark spots floating before your eyes? Does the sun and wind hurt them? Do you have a sleepy feeling and desire to close the eyes when reading? Blurring of vision or lines and letters running together?

If you feel any of these distressing symptoms, have your eyes examined and see what comfort and relief you will find when properly fitted with glasses.
